

# Easy Coin (EASY) - Whitepaper

## Introduction

Easy Coin (EASY) is a community-driven token launched on the BNB Smart Chain. The project aims to simplify cryptocurrency use and bring financial empowerment through decentralization, transparency, and accessibility.

## Mission

Our mission is to provide a simple, secure, and fair token economy where everyone can participate. We focus on ease of use, low fees, and community governance.

## Tokenomics

- Total Supply: 1,000,000 EASY
- Symbol: EASY
- Contract Address: 0xaA130798eeAEbF9814e251a89332616B320AA38a
- 70% Liquidity
- 20% Community & Airdrops
- 10% Development

## Utilities

Easy Coin can be used in future staking, community rewards, NFT integrations, and more. It will evolve based on community feedback and market needs.

## Roadmap

Q2 2025: Launch on BNB Chain

Q3 2025: Community expansion and DEX listing

Q4 2025: NFT integration and staking platform

Q1 2026: CEX application and ecosystem expansion
